

## **Jimsher Koshadze**

Jimsher is an agricultural economist with more than 15 years of experience in the fields of agricultural project management, sustainable development and capacity building. He obtained his BA in Agribusiness Management at Georgian State Agrarian University.

Later, he studied in Germany at the Weihenstephan- Triesdorf University of Applied Sciences and obtained a Master's Degree in Business Administration in Agriculture.

He has knowledge in agricultural economics, agricultural project management, as well as experience working with the public, civil and private sectors.

Jimsher is currently working at CENN as a project manager in several agricultural directions:

1. Achieving land degradation neutrality (LDN) targets of Georgia, through restoration and sustainable management of degraded pasturelands.
2. Resilient Agriculture - PRAISE Marneuli: Promoting Climate Resilient Agriculture for Sustainable Livelihoods in Multi-ethnic Marneuli Municipality

Caucasus Environmental NGO Network (CENN)
