Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs? Yes  No

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

Education and sensitization are among the main pillars of the MID initiative which caters, amongst others, for DLDD-related programmes and projects on environmental issues like land degradation, climate change and biodiversity.

**CONS-0-5** Number of affected country Parties, subregional and regional entities to have finalized the formulation/revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

**Global target** Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy **≥ 80 %** **2018**

National contribution to the global target

Does your country have a NAP aligned to the Strategy? Yes  No

Qualitative assessment

Is your NAP being implemented? Yes  No

Please answer the following questions only if your country has aligned the NAP to the Strategy

Qualitative assessment

Has your country's NAP been integrated into national development planning and relevant sectoral and investment plans and policies? Yes  No

If yes, please specify the relevant sectoral and investment plans and policies:

Integrated approach to address the issues on DLDD through a global implementation of the "Maurice Ile Durable"(MID) Project closely monitored by the Prime Minister's Office.

Has your aligned NAP been formally adopted? Yes  No

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

The final draft of the NAP has not yet been approved

Sources of information

**CONS-O-7**

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

**Global target**

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

**National contribution to the global target**

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Please answer the following questions if your country has such initiatives or mechanisms in place

**Qualitative assessment**

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

Evaluation of national plans and identification of gaps in synergies

Identification of national sectors and policies that could benefit from synergies and cooperation

Review of national policies to enhance cooperation and synergies

Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders

Other (please describe below):

Piloting integrated processes and approaches to facilitate national reporting to the Rio conventions.

**Qualitative assessment**

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

Regular meetings between focal points and focal point teams of the Rio conventions

A national coordinating committee for the implementation of the Rio conventions

National coordination on synergies in reporting under the Rio conventions

Other (please describe below):

Provide any complementary information as needed:

Monitoring through the Project Management Unit/Capacity Building for Sustainable Land Management(SLM) in Mauritius and Rodrigues.

**Sources of information**

**CONS-O-8** Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

**Global target** Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD **≥ 60 %** **2018**

**National contribution to the global target** Is a monitoring system specifically dedicated to DLDD established in your country? Yes  No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

**Voluntary national target** When does your country plan to establish and support a national monitoring system for DLDD? 2014-2015   
2016-2017   
2018-2019   
No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

**Sources of information**

**Qualitative assessment**

Does your country have a monitoring system partially covering DLDD? Yes  No

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

Environmental Monitoring System (land use and change in land use, agricultural production, forest fires, GHG emissions)  
 Meteorological Monitoring System (weather data, early warning system, data on cyclones and droughts).  
 The system is maintained by means of national resources and external support.

**Knowledge-sharing systems**

List any DLDD-relevant knowledge-sharing system in your country, providing an Internet link and estimated number of users per year (add as many rows as necessary).

Name of the system:	Statistics Mauritius
Internet link:	<a href="http://statsmauritius.gov.mu">http://statsmauritius.gov.mu</a>
Estimated number of users per year:	20000

**CONS-0-10**

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

**Global target**

Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.

≥ 70 %

2018

Please answer the following questions only if your country has aligned the NAP:

**National contribution to the global target**

Does your aligned NAP include a knowledge-based identification and analysis of biophysical and socio-economic drivers of DLDD, and of their interaction? Yes  No

Does your aligned NAP include a knowledge-based identification and analysis of the interaction between DLDD and climate change and biodiversity? Yes  No

**Sources of information**

Ministry of Agro-Industry and Food Security/Forestry Service.

**Qualitative assessment**

Does your aligned NAP assess the barriers to sustainable land management? Yes  No

If your aligned NAP assesses the barriers to sustainable land management, does it include recommendations for removing these barriers? Yes  No

Does your country have data and information available to report on the following progress indicators, currently included within the CBD and UNFCCC reporting processes:

- Trends in abundance and distribution of selected species: Yes  No

- Trends in carbon stock above and below ground: Yes  No

If your country has identified nationally/locally relevant biophysical and socio-economic indicators for monitoring the aligned NAP, please list such indicators below:
