Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the participation of CSOs and STIs in DLDD-related programmes and projects?      Yes       No

Provide a short description of actions taken at the national level to promote participation by CSOs and STIs in the Convention processes.

Permanent and open participatory environment at national level and project participation and operational engagement at the local level

Operational objective 1: Advocacy, awareness raising and education

CONS-0-4

Number and type of DLDD-related initiatives of civil society organizations (CSOs) and science and technology institutions (STIs) in the field of education

Global target

A steady growth in the number of DLDD-related education initiatives undertaken by CSOs and STIs is recorded along the implementation period of The Strategy

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

Qualitative assessment

Is your country undertaking initiatives to increase the number of DLDD-related initiatives in the education sector implemented by CSOs and STIs? Yes  No

Provide a short description of actions taken at the national level to increase the number of DLDD-related initiatives of CSOs and STIs in the field of education.

Civil Society and Science and Technology Organizations Programme

**CONS-0-5** Number of affected country Parties, subregional and regional entities to have finalized the formulation/ revision of national, subregional and regional action programmes (NAPs/SRAPs/RAPs) aligned to The Strategy, taking into account biophysical and socio-economic information, national planning and policies, and integration into investment frameworks

**Global target** Percentage of affected country Parties, subregional and regional entities that have formulated/ revised a NAP/SRAP/RAP aligned to The Strategy **≥ 80 %** **2018**

National contribution to the global target

Does your country have a NAP aligned to the Strategy? Yes  No

Qualitative assessment

Is your NAP being implemented? Yes  No

Please answer the following questions only if your country has aligned the NAP to the Strategy

Qualitative assessment

Has your country's NAP been integrated into national development planning and relevant sectoral and investment plans and policies? Yes  No

If yes, please specify the relevant sectoral and investment plans and policies:

Rural Development Plan; Regional and Municipal Management Plans

Has your aligned NAP been formally adopted? Yes  No

Qualitative assessment

Provide any complementary information as needed (e.g., national circumstances affecting the NAP alignment and implementation process)

Proposal for the NAP alignment developed between Feb 2010 and Jul 2014. The new NAP is under ministerial discussion on this moment (July 2014).

Sources of information

National Commission for Coordination of the NAP

**CONS-O-7**

Number of initiatives for synergistic planning/programming of the three Rio conventions or mechanisms for joint implementation, at all levels

**Global target**

Each affected country Party has either one joint national plan in place or functional mechanism(s) to ensure synergies among the three Rio conventions

2014

**National contribution to the global target**

Was your country implementing joint planning/programming initiatives for the three Rio conventions in the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Were there any operational mechanisms that facilitated joint implementation of the three Rio Conventions during the current reporting period?

Yes

Yes, but for only two of the Rio conventions

No

Please answer the following questions if your country has such initiatives or mechanisms in place

**Qualitative assessment**

If your country has initiatives for synergistic planning/programming of the three Rio conventions, specify the type of joint initiative(s):

Evaluation of national plans and identification of gaps in synergies

Identification of national sectors and policies that could benefit from synergies and cooperation

Review of national policies to enhance cooperation and synergies

Enhancement of the institutional and scientific capacities and awareness of relevant stakeholders

Other (please describe below):

Local joint projects and programs promoted by OCS

**Qualitative assessment**

If your country has mechanisms for joint implementation, specify the type of mechanism(s):

Regular meetings between focal points and focal point teams of the Rio conventions

A national coordinating committee for the implementation of the Rio conventions

National coordination on synergies in reporting under the Rio conventions

Other (please describe below):

The development of the new NAP with seminars and workshos on local joint projects and programs promoted by OCS and STI; The development of the news Mitigation and Adaptation Programmes fot the UNFCCC; The development of the new National Strategy for Biodiversity

Provide any complementary information as needed:

**Sources of information**

**CONS-0-8** Number of affected country Parties, subregional and regional entities to have established and supported a national/subregional/regional monitoring system for DLDD

<b>Global target</b>	Percentage of affected country Parties, subregional and regional reporting entities that have established and supported national monitoring systems for DLDD	≥ 60 %	2018
----------------------	--	--------	------

**National contribution to the global target**

Is a monitoring system specifically dedicated to DLDD established in your country? Yes  No

If yes, is the monitoring system regularly updated and functional? Yes  No

Please answer the following questions if your country has not established and supported national monitoring systems for DLDD by the end of the current reporting period

**Voluntary national target**

When does your country plan to establish and support a national monitoring system for DLDD?

2014-2015

2016-2017

2018-2019

No Plan Yet

Which national target your country has established to measure progress in achieving the priorities established in the national action programme, if different from the target suggested above?

**Sources of information**

NAP updated and National Observatory for Desertification (NOD) developed after 1999

**Qualitative assessment**

Does your country have a monitoring system partially covering DLDD? Yes  No

Provide any complementary information as needed (e.g., major difficulties experienced, how the system is being supported, etc.):

**Knowledge-sharing systems**

List any DLDD-relevant knowledge-sharing system in your country, providing an Internet link and estimated number of users per year (add as many rows as necessary).

Name of the system: NOD; Dismed and Desertwatch systems

Internet link: <http://www.icnf.pt>; <http://www.desertwatch.info/>; <http://www.observatorio-nod.pt/>

CONS-0-10

Number of revised NAPs/SRAPs/RAPs reflecting knowledge of DLDD drivers and their interactions, and of the interaction of DLDD with climate change and biodiversity

Global target

Percentage of revised NAPs/SRAPs/RAPs that have successfully gone through a quality self-assessment.

≥ 70 %

2018

Please answer the following questions only if your country has aligned the NAP:

National contribution to the global target

Does your aligned NAP include a knowledge-based identification and analysis of biophysical and socio-economic drivers of DLDD, and of their interaction?

Yes No 

Does your aligned NAP include a knowledge-based identification and analysis of the interaction between DLDD and climate change and biodiversity?

Yes No 

Sources of information

National Action Plan to Combat Desertification; National Observatory of Desertification

Qualitative assessment

Does your aligned NAP assess the barriers to sustainable land management?

Yes No 

If your aligned NAP assesses the barriers to sustainable land management, does it include recommendations for removing these barriers?

Yes No 

Does your country have data and information available to report on the following progress indicators, currently included within the CBD and UNFCCC reporting processes:

- Trends in abundance and distribution of selected species:

Yes No 

- Trends in carbon stock above and below ground:

Yes No 

If your country has identified nationally/locally relevant biophysical and socio-economic indicators for monitoring the aligned NAP, please list such indicators below:

see National Action Plan to Combat Desertification 2014

Population density (and indices of vitality and the elderly dependency)

Irrigated Areas (active/not used)

Hunting and fishing areas /Municipality/ year

Number of municipalities or parishes with attraction initiatives for qualified population

Traditional knowledge, innovations and sustainable practices collected and disseminated/Municipality

Types and amounts of payments by environmental services / Municipality /year

Financial and Fiscal Incentives per capita on affected areas and their flux applications

% of the population on affected areas benefited by tax incentives and / or financial support

Trends on Seasonal Precipitation

Condition of surface and underground water-bodies

Transition area from dry for irrigation per year

Nitrate levels in vulnerable areas

Areas of improved and spontaneous pastures / year

Direct sowing areas per year

Provide any complementary information as needed:

Provide any complementary information (e.g., additional information on other aspects beyond those mentioned above which impact proper planning and effective implementation of the Convention in your country, etc.)

Not available or applicable

Qualitative assessment

Did your country receive assistance in raising resources from bilateral donors?      Yes       No

**CONS-0-18**

Amount of financial resources and type of incentives which have enabled access to technology by affected country Parties

**Global target**

A steady growth in the financial resources allocated to facilitate access to technology by affected country Parties is recorded along the implementation period of the Strategy

A steady growth in the number of economic and policy incentives reported upon is recorded along the implementation period of the Strategy
