### 3. Admittance to the session

The provisions governing the Conference of the Parties (COP) apply *mutatis mutandis* to the proceedings of its subsidiary bodies. Participation in the conference is therefore open to Party delegations, United Nations specialized agencies and observers in accordance with the provisions of the UNCCD and the rules of procedure of the COP.<sup>1</sup>

Party delegations do not need to present credentials since the CRIC and the Committee on Science and Technology (CST) are subsidiary bodies of the COP. However, an official list of delegation members should be forwarded to the UNCCD secretariat before the conference session, for registration and security purposes. Observers already accredited to previous sessions of the COP should also comply with this requirement.

Any body or agency, whether national or international, governmental or non-governmental, which has not yet obtained observer status may be admitted to the conference on submission of an official request to the UNCCD secretariat, pending the decision on its accreditation as an observer by the COP at its next ordinary session. This request should state the competence or qualification of the body or agency in matters covered by the UNCCD.

### 4. Registration

Registration for national delegations, specialized agencies and United Nations programmes, and intergovernmental and non-governmental organizations, as well as for the media and staff of the United Nations, will take place from Monday, 23 March 2015 to Friday, 27 March 2015 at the main entrance of the United Nations Campus:

Platz der Vereinten Nationen 1  
D-53113 Bonn, Germany

Registration will continue throughout the session on working days from 9 a.m. to 5 p.m., with the exception of Friday, 27 March 2015 when registration will end at noon.

In addition to the Plenary Hall located in the WCCB, meeting rooms will be made available within the United Nations Campus, without interpretation services, for informal meetings. Arrangements for such meetings should be made with the secretariat.<sup>2</sup> Working hours will normally be from 10 a.m. to 1 p.m. and from 3 to 6 p.m.

<sup>1</sup> In accordance with article 36, paragraph 2, of the Convention, for each State or regional economic integration organization which ratifies, accepts, approves or accedes to the Convention after the deposit of the fiftieth instrument of ratification, acceptance, approval or accession, the Convention enters into force on the ninetieth day after the date of deposit by such State or regional economic integration organization of its instrument of ratification, acceptance, approval or accession. Consequently, the Parties as at the opening of the conference on 25 March 2015 will be the States and regional economic integration organizations that have deposited their instruments by 25 December 2014. States that deposited their instruments after 25 December 2014 but by 27 December 2014 will become Parties during the session. States that deposited their instruments after 27 December 2014 will not become Parties until after the session is closed, but may participate in the session as observers. Intergovernmental organizations, non-governmental and civil society organizations and observers that were accredited at the eleventh session of the COP are listed in document ICCD/COP(11)/20/Rev.1. Relevant information on the status of ratifications is available on the UNCCD website: <[www.unccd.int](http://www.unccd.int)>.

<sup>2</sup> Please check the Official Journal of the session for relevant contacts.

Identity badges will be issued at the time of registration, and participants are requested to wear them at all times since access to the WCCB is allowed only upon presentation of badges.

## 8. Immigration formalities and customs regulations

The Government of Germany has advised that immigration formalities will be facilitated at its embassies or consulates. Applications may be submitted, referring to the Committee session, to the competent German embassy or consulate.<sup>3</sup>

European Union nationals do not require a visa to enter the Federal Republic of Germany.

Generally speaking, all other foreigners require a visa for stays in Germany. A visa is not required for visits of up to 90 days in any 180-day period for nationals of those countries for which the European Community has abolished the visa requirement.<sup>4</sup>

As a rule, applicants must submit visa applications, together with all necessary documents, in person at the German mission responsible for their place of residence. In order to avoid time-consuming requests for additional information or documentation, applicants should consult the website of the respective mission well in advance of their departure date to find out about the visa procedure and about the documentation which has to be submitted. Visa application forms can be obtained from the mission free of charge (in the local language).<sup>5</sup> The forms submitted must be original versions in the appropriate language of the mission in question.

Visa fees are waived for United Nations conference participants.

As a rule, missions require between two and ten working days to make a decision on an application for a short-stay visa.

In addition, many German missions have introduced an electronic appointment system to help manage the number of visitors to the mission and thus shorten waiting times. Please note that some Embassies are booked for several weeks in advance. Exceptional appointments are limited and cannot be guaranteed, even if the conference is supported by the Federal Foreign Office, Department VN09. In urgent cases please contact the Head of the Visa Section of the German mission in charge directly and immediately (e-mail: [info@city.diplo.de](mailto:info@city.diplo.de); website: [www.city.diplo.de](http://www.city.diplo.de)).

The online application system “Videx”<sup>6</sup> enables applicants to complete their application form for a Schengen visa online. The application cannot, however, be submitted online. It has to be printed out and submitted in person to the responsible embassy, consulate or external service provider, where the data will be scanned. This eases the process and ensures that the application is complete.

Further information on the procedure and details of the documents to be presented are available on the website of the competent German embassy or directly from the embassy itself. Participants are advised to contact the German embassy as soon as possible.

Information on customs regulations in force in Germany may be obtained from any German embassy or consulate.

<sup>3</sup> Please check the following website in order to find the competent German mission: [www.auswaertiges-amt.de/EN/Startseite\\_node.html](http://www.auswaertiges-amt.de/EN/Startseite_node.html).

<sup>4</sup> You will find an overview of visa requirements here: [www.auswaertiges-amt.de/EN/EinreiseUndAufenthalt/StaatenlisteVisumpflicht\\_node.html](http://www.auswaertiges-amt.de/EN/EinreiseUndAufenthalt/StaatenlisteVisumpflicht_node.html).

<sup>5</sup> Applicants may also download the forms here: [www.auswaertigesamt.de/cae/servlet/contentblob/480874/](http://www.auswaertigesamt.de/cae/servlet/contentblob/480874/).

## **9. Intervention at official meetings**

By resolution 64/230 on the Pattern of Conferences and the report of the Fifth Committee to the General Assembly (document A/64/580), the General Assembly reiterates its request to ensure the provision of high-quality conference services to Member States and other participants in official United Nations meetings.

In the interest of the smooth running of the meetings, participants need to maintain a normal speed when delivering speeches or making statements, so that the provision of the required high-quality simultaneous interpretation services can be achieved to the entire satisfaction of all concerned.

## **10. Side events and exhibition facilities**

Due to the limited availability of funding and space, the current session will not organize side events nor provide exhibition facilities.
