

TERMS OF REFERENCE

Consultancy: Corporate Branding and Design

Consultancy reference number: CCD/24/C/63

Background

Established in 1994, the United Nations Convention to Combat Desertification (UNCCD) is the sole legally binding international agreement linking environment and development to sustainable land management. The mandate of the Convention and its 197 Parties is to support “a future that avoids, minimizes, and reverses desertification/land degradation and mitigates the effects of drought in affected areas at all levels – and to achieve a land degradation-neutral world consistent with the 2030 Agenda for Sustainable Development.”

Land is a necessary part of the solution to meet the new challenges the world is facing from the COVID-19 pandemic. Land restoration and sustainable land management provides food, livelihoods, and jobs. It helps communities cope and enhance resilience at local levels. The UNCCD secretariat communicates the relevance and strategic importance of land-based recovery through the implementation of the Convention.
