

FROM SOIL TO LIFE

We're planting more than trees
— we're reactivating soil life.

Using **TreePampers** with
BioBoost, we improve soil
fertility, structure, and resilience
through microbial activation.

SECRETS TO RESTORATION

- ✔ **Boosts Soil Microbes**
Delivers fast-acting carbon to
beneficial bacteria
- ✔ **Enhances Nutrient Cycling**
Activates nitrogen- and
phosphorus-releasing microbes
- ✔ **Improves Soil Structure**
Promotes healthy aggregation and
root development
- ✔ **Supports Long-Term Growth**
Creates conditions for sustained
land regeneration
